## CONDITION OF THE MARKETS

The Bull Procession Moves Off to Lively Music with "Shorts" Rushing to Cover.

Wheat Makes a Good Advance, Corn Is Excited and Stronger and Oats Nearly 3 Cents Higher-Strength in Pork.

MONEY, STOCKS AND BONDS. The Stock Market Weak and Closing Lower After an Active Day.

NEW YORK, Aug. 6.-Money on call was close, ranging from 6 to 1212 per cent., the last loan being made at 6, closing offered at 6.

Prime mercantile paper 5@612 per cent. Sterling exchange quiet and easy at \$4.85 for sixty-day bills and \$4.89 for

demand. The total sales of stocks to-day were 200,-267 shares, including the following: Atchison, 16,550; Delaware, Lackawanna & Western, 7,200; Louisville & Nashville, 4,389; Missouri Pacific, 6,348; Reading, 11,500; Richmond & West Point, 6,613; St. Paul, 17,-

400; Union Pacific, 7,110. The stock market to-day was more active in spots and developed a decidedly weak tone in the afternoon, during the prevalence of which prices were brought down to a lower level than has been seen for some time. The "bears" are much more aggressive, and point to the fact that no matter what the expectation may be for a more active and higher market with abundance of funds in the near future, there is and has been for the past four days, a growing scarcity of money on call, which the disbursements by the Secretary of the Treasury for bonds is not sufficient to relieve, and for the present there seems no immediate prospect of an improvement. The point of attack was shifted from the Missouri Pacific and Atchison to the C., B. & Q. and Reading to-day, but all the others sympathized to some extent with the declines in those shares. The other grangers were comparatively well held, but the coal stocks were uniformly weak, and while they were dull, Delaware & Hudson lost a large slice of its late advance. The industrial stocks, for the time being, were comparatively neglected, especially in the afternoon. The pressure upon the railroad list was most severe, but they also feit the influence and declined with the stocks of the regular list. Sugar was very feverish, and some violent fluctuations were recorded in it. New England was also active and feverish, but was well maintained and with one or two others succeeded in closing a small fraction higher than last evening. The news of the day was principally of the crops, and of an unfavorable nature, while the fear of tight money was worked for all it was worth by the "bears," and these two factors were all that made the heavy declines of the day,

14, and Northwestern, Pacific Mail, Reading and Union Pacific each 1 per cent.
Railroad bonds showed a dull business except in Atchison incomes, which, however, failed to move much, though it furnished \$201,000 out of a total day's business of \$824,000. The market was in close sympathy with the movements in stocks and ruled weak almost throughout the session, and, while most changes are fractional, Memphis & Charleston sixes lost 2, at 103. Government bonds were dull and barely steady. State bonds were dull and feature-less. Closing quotations were:

coupled with persistent hammering. The temper at the opening was more hopeful, and first prices were something better than last night's figures, while further improvement was made in the morning hours. The usual dullness soon intervened, however, and the "bears" then got to work, Burlington coming first, followed by Reading and the others. The lowest prices were generally reached in the last hour, and, money going up to 12 per cent., there was no reaction. The close was fairly active and weak at the lowest point. The list is generally fractionally lower, but Burlington is off 24s. Wisconsin Central 2. Chesapeake &

Wheat, Corn and Oats all Considerably

## TRADING AT CHICAGO.

Higher-Advance in Pork. CHICAGO, Aug. 6.-The feeling in the wheat pit was again unsettled. Trading was rather large and prices again higher. The opening was 118@13sc higher than

yesterday's closing, advanced a trifle and then fell back again, but later became quite strong and prices were advanced 158 @134c above inside figures, eased off some and closed about 14@13sc above yesterday's close.

Nothing new in the way of bull news developed, but operators are evidently begin-

ning to believe in the crop damage reports in the Northwest, and this is causing the firmness. A report was circulated that a weekly local paper made the condition of the two Dakotas 51 against the government report, 94. Operators did not give much credit to the report, though it had some effect in influencing the market. Advices received from the Northwest continue to be of a conflicting character, and while some indicate great damage and a much-reduced yield, others are claiming a fair average crop. Corn was active, excited and very much stronger. The market ruled very nervous and unsettled the entire session. The sentiment of the local crowd was bullish, and there were numerous outside buying orders to fill on country account, while offerings were extremely light at times, and there were jumps of 14@12c without an intervening trade. The market opened 4 @1c better than the closing prices of yesterday, was firm and sold up 12@1c, eased off 12@1c on free realizing, but again advanced 58@ 7sc, ruled steady and closed 114@112c better than yesterday. The oats market was active and unsettled, and prices cova wider range and touched higher figures than at any time on this erop, but although outside prices were not maintained closing sales showed a net advance of 212@8c. The strength and advance was attributed to the Illinois crop report showing a shortage of 82,000,000 bu from last year. In pork quite a good trade was reported. Prices were advanced 50@ 70c, and closed comparatively steady at medium figures. A fairly active lard trade was reported, with an advance of .10@.15c:

about outside figures. The leading futures ranged as follows:

INDIANAPOLIS MARKETS.

A Moderate Volume of Trade in Progress with Firm Prices Ruling.

INDIANAPOLIS, Aug. 6. In most departments there is unexpected activity for early August. Especially is this remark applicable to the dry-goods market. The fall styles of goods are attractive and retail merchants are buying them liberally for so early in the season. Grocers are fairly busy, with firm prices ruling on all staple articles, sugars excepted. The produce men report trade good. Receipts of vegetables and fruits of the season are more liberal and steadily improving in quality. All choice stock rules firm in price. The hide market carries the strong tone of several days past, and the leather market is in good position. Seed men as yet are doing but little. Hardware merchants and dealers in tinners' supplies report trade good and prices well maintained. The iron market rules firm and is active for the season of the year. Druggists and dealers in paints and oils are still having a good trade, and prices carry a firm tone as a rule.

The local market carries the same strong and active tone of the last two weeks, with all arrivals finding ready sales at quotations. Track bids to-day ruled as follows: Wheat—No. 2 red, 92c; No. 3 red, 87c; rejected, 75c; unmerchantable, 60@70c.

Corn—No. 1 white, 50c; No. 2 white, 50c; white mixed, 47½c; No. 3 white, 50c; No. 4 white, 43c; No. 2 yellow, 47½c; No. 3 yellow, 46½c; No. 4 yellow, 43c; No. 2 mixed, 47½c; No. 3 mixed, 46½c; No. 4 mixed, 43c; sound ear, white, 48c; yellow, 48c; mixed, 48c. Oats—No. 2 white, 40½c for old, 34c for new; No. 3 white, 38c for old, 33c for new; No. 2 mixed, 37c; rejected, 31¼c for new; unmerchantable, 30c.

Bran—Local dealers are bidding \$13.

Hay—Timothy, choice, \$12 for old, \$9.50 for new; No. 1, \$11 for old, \$9 for new; No. 2, \$8; No. 1 prairie, \$6.75.

Don'ts for the Sick Room. Medical Classics says: Don't light a sick room at night by means of a jet of gas burning low; nothing impoverishes the air sooner. Use sperm candles or tapers which burn in sperm oil.
Don't let stale flowers remain in a sick

chamber. Don't appear anxious, however great your anxiety. Don't neglect during the day to attend to necessaries for the night, that the rest of the patient and the family may not be dis-

Don't have the temperature of a sick room much over sixty degress; seventy is allowable but not advisable. Don't ask a convalescent if he would like this or that to eat or drink, but prepare the delicacies and present them in a empting way. Don't be unmindful of yourself if you are

in the responsible position of nurse. To do faithful work you must have proper food and stated hours of rest. Don't throw coals upon the fire; place them in brown paper bags and lay them on the fire, thus avoiding the noise which is shocking to the sick and sensitive. Don't forget that kindness and tenderness are needful to successful nursing. Human nature longs to be soothed and comforted on all occasions when it is out of

Don't permit currents of air to blow upon the patient. An open fireplace is an excellent means of ventilation. The current may be tested by burning a piece of paper in front. Don't give the patient a full glass of water to drink from, unless he is allowed

all he desires. If he can drain the glass he will be satisfied; so regulate the quantity before handing it to him.

#### Hints for Packing Bags. There are a few things that add greatly

to the comfort of a traveler: a bag large enough to carry the immediate necessities for the toilet, which should be, in addition to the comb, and brush, and tooth-brush, a box to hold the soap, an oil silk bag to hold the sponge, a fine soft towel, a bottle of toilet water, and a hand-mirror. The small satchel that can be carried by a strap over the shoulder to hold the purse, extra handkerchiefs, time-table, and note-book, will soual comfort. It should be small enough to be held comfortably in the lap while seated. A linen cover, with straps, to hold a snawl and umbrella and a heavier skirt, should always be carried. The sudden changes of temperature in our climate make the carrying of more than wraps imperative, both for health and comfort. Too much hand-baggage is as much of an inconvenience as too little, and should be as guarded against. The stores abound in compact little cases for holding the toilet appliances that take up but little room in for sale.

#### THE

DAILY, SUNDAY and WEEKLY

The Most Complete Newspaper in all Departments in the State of Indiana.

No newspaper in the West is more widely or more favorably known than the Indianapolis Journal. By the display of enterprise and strict attention to the wants of the reading public, during the great campaign of 1888, it has taken a leading position among the most prominent journals of the country, and is certainly among the best. Among the newspapers of the State it is pre-eminently the best, and Indiana readers can nowhere else find what they want in the way of State and local news. It circulates largely in every county in Indiana, and has correspondents in every town and village of importance. Its market reports are prepared with the greatest care possible, and no pains or expense are spared to make them accurate and absolutely reliable. It is the only newspaper in the State owning and publishing all the news furnished by the two great press associations (the Western Associated Press and the United Press). in addition to which it furnishes an abundance of special service from all the principal cities of the country. It has been, and will in future be, the aim of the publishers to make the Indianap-OLIS JOURNAL a perfect and complete newspaper, deficient in no department or particular. The paper challenges comparison with any of its contempo-

No Indiana reader, certainly no Indiana Republican, should be without the Journal. While it is thoroughly and soundly Republican in politics, devoted to the interests of the Republican party, the Journal will not allow its news to be colored by partisan bias, but will give the news of the day without fear or

Owing to the prominence of Indiana in the national administration, the Journal gives particular attention to Washington news, which will be given far more completely than ever before. For this reason, if for no other, no Indiana reader can afford to be without it for the next four years.

In addition to its new features, the Journal regales its readers with the productions of some of the best known literary men and women of the day. Many of the most celebrated magazine writers and authors are contributors to its literary columns, making it a paper for the household and home circle. Special arrangements have been made for features of this character, which will appear in the Journal during the coming year. These appear most largely in the SUNDAY JOURNAL, which is a special edition, and can be subscribed for and received exclusive of the DAILY JOURNAL.
